## EDUCATION

### **Naresh i Technology**

*Java Full Stack Developer*

### **Jharkhand Rai University**

*Master of Computer Applications*

### **Ranchi University Ranchi**

*Bachelor of Computer Applications*

Hyderabad, Telangana

*June. 2025 – Ongoing*

Ranchi, Jharkhand

*2023 – 2025*

Ranchi, Jharkhand

*2018 – 2021*

## EXPERIENCE

### **Assistent Programmer**

*Ritika Printech Pvt.Ltd*

Dec 2021 – Jan-2023

*Ranchi Jharkhand, India*

- Built responsive web interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser
- Enhanced UI/UX design by implementing intuitive layouts, clean navigation, and accessibility standards, resulting in improved user engagement and reduced bounce rates.
- Developed websites with Bootstrap to speed up layout design, maintain consistency, and create pixel-perfect responsive components that adapt seamlessly across devices.
- Created dynamic web applications using React.js, building reusable components, managing state with hooks, and optimizing performance through efficient rendering techniques.

## PROJECTS

### **AI-Doctor-Medical Chatbot With Multimodal LLM |**

Final Year project

- TOOLS AND TECHNOLOGIES:-
- Groq for AI Inference
- OpenAI Whisper (Best open source model for Transcription)
- Llama 3 Vision (Open source by Meta)
- gTTS ElevenLabs (Speech to Text)
- Python, VS Code

## ACHIEVEMENTS

“Secured 2nd place in coding hackathon conducted by Naresh i Technology Ameerpet, Hyderabad”

“Led a 4-member team to successfully complete MCA final year project with 100 percent client requirements met.”

## SOFT SKILLS

- Problem-Solving Ability, Team Collaboration, Effective Communication, Time Management, Critical Thinking, Self-Motivation, Accountability Ownership

## TECHNICAL SKILLS

**Front-end:** HTML, CSS, JAVASCRIPT, BOOTSTRAP, ReactJS, Responsive UI design and layout

**Back-end:** C, CORE CORE JAVA / ADV.JAVA, SPRING / SPRING BOOT, MICROSERVICES

**DataBase:** ORACLE

**DevSecOps Tools:** GIT / GIT HUB, Jenkins, Docker, Datadog, junit, Mockito, Jmeter

## ADVANCED DIPLOMA IN COMPUTER APPLICATIONS

### **Technical Skills:-**

**Microsoft Office Suite:** Proficient in MS Word, MS Excel, MS PowerPoint for document creation, and presentations.

**Typing Skills:** Accurate and fast typing speed with good command over formatting and editing.

**Operating Systems:** Hands-on experience with Windows OS installation, configuration, and troubleshooting.

**Graphics Designing Basics:** Basic knowledge of CorelDRAW for simple designing and editing tasks

**Tally ERP:** Voucher entry, GST, ledger creation, and report generation
